

LAUNDRYTECH

Commercial Laundry Equipment Repairs

WHY PREVENTATIVE MAINTENANCE?

AVOID BREAKDOWNS

When machines are out of action, you are losing income.

INCREASE UPTIME

Keep customers happy and revenue flowing.

EXTEND LIFETIME

Ensure you get maximum life from your equipment

REDUCE UTILITY COSTS

Get better efficiency and lower running costs

WHAT DOES PREVENTATIVE MAINTENANCE COVER?

WASHERS

35 Point checklist, covering drain, filters, door catch, drum, drive unit, water inlet and outlet, coin drop/slide and detergent system.

DRYERS

25 Point checklist, covering exhaust, duct, door switch, door, lint filter, drive unit and fan, heating unit, coin drop and control board cavity.

You receive a detailed report on every machine.

\$60 PER WASHER OR DRYER \$120 PER STACK*

At this price, can you afford not to? Your machines will last longer, use less water/gas/electricity and break down less...

*All prices exclude GST. Price offer is for a minimum of 10 machines. If less than 10 please call us for a quote.
